

Unified Arts (Specials) Activities Week 3

Art

Art Supply Scavenger Hunt

Hello Everyone! I hope you are doing well. I've been wondering what you have at home to create art with? Did you know that you can also create art with other kinds of materials that you might find around the house or yard? Please search around your house, in your backpack and maybe ask grown ups to help you look for any of these things:

- Pencil
- Eraser
- Paper
- Crayons
- Markers
- Colored pencils
- Scissors
- Glue stick
- Glue
- Watercolors
- Paint
- Shaving cream
- Q-tips
- Toothpicks
- Tin Foil
- Wax paper
- Newspaper
- Magazines
- Cardboard
- Cereal Boxes
- Food coloring
- Dried out markers
- Coffee or tea
- Salt or flour
- Vegetable oil
- Natural materials (stones, sticks...)

I've started collecting mine in a box so that when I want to create art they are ready for me. I'm excited to continue creating art with you! I'd love to see a picture of your Art Supply Collection! My email is sharrington@canterburypublicschools.org

Music

Hi everyone! I thought you could have some fun this week *exploring sound with water!* You will need glass cups / bowls / jars, water and spoons.

- 1.) Fill each cup with some water. (Try putting different amounts in each cup!)
- 2.) If you'd like, you can add a few drops of food coloring to each one to make them different colors.
- 3.) Gently tap each class with a spoon.

Which glass makes a higher sound? Which glass makes a lower sound? If you add more water to the cup, does the sound get higher or lower? Try making up your own song using these sounds!

3rd and 4th grade: See if you can figure out a song using these cups of water. Try something simple like "Mary Had a Little Lamb" or "Rain Rain Go Away." Feel free to send me a video of a song you figured out, if you'd like (jtackett@canterburypublicschools.org). - Ms. T :)

P.E. (Gym)

Hello everyone! I hope you are doing well and enjoying family time.

Experts say we should get at least 60 minutes of physical activity every day. This does not have to happen all at once. Break it up into smaller more manageable chunks of time if needed

I have been enjoying walking with my family and dog. I have also been on many jogging outings mostly in the woods/trails.

I sent home calendars through May, with some basic physical activities. The activities are on Monday, Wednesday & Friday. Please feel free to do those activities whenever, not just on those days.

Moving forward, I would like to provide you all with additional activities for all of you to do. I am thinking of Backyard Games; cornhole, ladderball, horseshoes, badminton, volleyball, canjam, spikeball, croquette, lawn darts, or whatever your favorite one is. I would love for you to have fun playing these games. Feel free to send me a picture of you and your family playing one of these great backyard games. My email is chawes@canterburypublicschools.org

Technology

Hello from Mrs. G.! Spring is here!! I see flowers blooming, buds on the trees and green grass growing on my lawn.

Please go to my webpage on the Canterbury Public Schools website.

<http://www.canterburypublicschools.org/ces/ces-technology/>

1. Listen to my message for you.
2. Practice keyboarding
 - **Kindergarten and 1st grade** students should go to Jungle Junior, the second link under Keyboarding Websites.
 - **2nd and 3rd grade** students should go to Typing Club.
 - **4th grade** should go to typing.com if you have your login information. If not, please go to Typing Club.

If you have some extra time; write about the signs of spring that you see around your house and if you have a word processor (MS Word, Google Docs, etc.), type it. I look forward to seeing what you type. My e-mail is cgiuliano@canterburypublicschools.org
