

TOWN OF CANTERBURY

COVID 19 UPDATE

As of October 15, the Town of Canterbury has been identified as having a two week average daily COVID-19 case rate higher than 15 per 100,000 population. Accordingly, a Public Health Alert has been issued.

Please practice the 3 W's:

Wear your mask, Wash your hands, and Watch your distance!

To help deter community spread, please do not attend or host large gatherings. Our actions can stem the spread of this virus and can bring the positive rate down in our town.
