Certification of Residency

Date: _____

“Certification of Residency Form” is required if the parent/guardian and / or student(s) are residing in Canterbury and **do not have an official rental or mortgage agreement OR are claiming to live with a legal Canterbury resident.** The Canterbury resident must provide proof of their residency prior to enrollment and are subject to bills for tuition reimbursement if found to be fraudulently claiming the student is residing with them.

In such cases this form must be forwarded to the central office for review and prior approval before enrollment. An investigation will be conducted and supplemental information may also be requested.

This form is only valid for the current academic school year. It must be renewed yearly by completing the renewal form. If it is not renewed or the student(s) parent/guardian does not establish residency in Canterbury, then the student will be subject to disenrollment from Canterbury Public Schools. This form is usually only approved for renewal one time. It is assumed that the parent/guardian will be able to provide the district with proof of residency documentation after one academic year of residency in Canterbury.
