March 17, 2020

Dear CES and DHBMS Families:

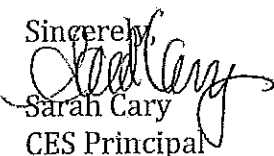

Thank you for your response in the last week. We appreciate all the ways in which you have helped each other.

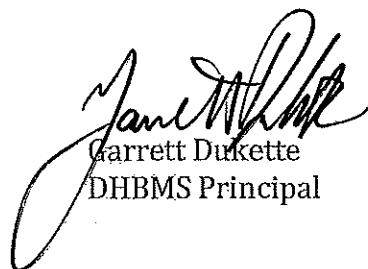

Please see below for some important reminders. We are checking our emails regularly; please reach out to us should you have a concern or need for yourself or another community member.

A few important reminders:

- Please make sure your children continue to follow the hand washing guidance that was shared with them by our school nurses last week. It is important that we continue to work towards the prevention of spreading germs and viruses.
- Hand washing is the single most important factor that our students and families can do to stay healthy. In addition, please encourage your children to not touch their faces, eyes, noses, and mouths.
- As a parent, please encourage your children to not only engage in the learning that was sent home, but also to:
 - read every day for a minimum of 30 minutes,
 - to write letters and stories, and
 - to stay in their school routine as much as possible, including bedtime and morning routines.
- Please discourage your children from getting together with groups of their friends. While students may feel like this is a time to hang out and have fun, it is important we are doing what we can to prevent spreading illness.

We thank you in advance.

Sincerely,

Sarah Cary
CES Principal

Garrett Dukette
DHBMS Principal
