

Dear CPS Families,

April 2, 2020

Thank you for our successful week of remote learning! We succeeded in logging on, learning new technology skills, and participating in school from a distance. Our focus has been on connecting again with each other.

Family Feedback

As we wrap up our first week, we are looking for family feedback on how remote learning has been going for your students.

Please visit the Canterbury District Website to find a link titled "**Remote Learning Family Feedback**".

There in that link, you will find a survey that allows for you to share with the schools your thoughts on what is going well and what can improve. Please know that your feedback is important to us and we intend to use this information to make adjustments to our remote learning so that we are able to best meet our students' needs.

Home Meal Delivery starts next week!

Visit our website to sign up for home delivery!
The link is called "**Food Service Delivery**"

"Grab and Go" service at Baldwin will continue next week as it has this week. For more details, please see our website for Mr. Connelly's letter regarding food service. Should you have any questions, please email foodservice@canterburypublicschools.org.

Many thanks to our food service department for these great meals!

Right now we are focusing on establishing routines and renewing social connections with each other. It is kind of like we are in the "September" of remote learning. We are getting to know new routines, figuring out what works best, and communicating as much as possible. We will continue this focus.

The well-being of our students and our families continues to be of utmost importance. Your dedication to remote learning this week has been immense! Thank you!

Sincerely, Mr. Dukette, DHBMS and Miss Cary, CES
