April 9, 2021

Good evening BMS families,

Happy Friday! I hope you all have a lovely weekend lined up! Thank you so much for your flexibility with our schedule as we worked to make our vaccine clinic have as little impact on Canterbury community members as possible.

Next week we will be finishing our in-person Smarter Balanced testing. Any students who have been affected by quarantine will have makeup testing next week in an effort for all testing to be completed before students leave on Friday, before the April break.

Please remember that progress reports will be coming home next Friday, April 16. However, you may always check your student's grades through Powerschool as a way to stay up to date with how he or she is doing in class. Teachers update their grade book every two weeks or ten school days.

Third, BMS will be closed the week of April 19-23 for our April break. The school will be closed. If you need to get ahold of us that week, I will be checking my email. Please note that it may take me longer to respond during the week, as I will be spending time with my children and close family.

Please continue to check our website for information related to sports. With the changing weather and with our coach schedules, times and practice dates are constantly changing, so it is essential to continue to look for updates regularly.

Finally, spring Baldwin spirit wear is on sale now. Orders are due by next Friday, April 16. Please see the order form attached to this letter. Please consider purchasing spirit wear to support our students and school community.

As always, thanks for your support, Baldwin community.

Have a great weekend,

Mr. Dukette
