

# **CES Kids' Lab**

*stretching our minds outside the classroom*

## **SO, WHAT EXACTLY IS A SUBMARINE?**

Curious about how submarines work and why they're important?

Join us for an opportunity to talk directly to the staff at the  
**SUBMARINE FORCE MUSEUM IN GROTON, CT!**

At the end of the presentation, we'll be guided through a hands-on activity.  
If you'd like to participate in this activity, please come prepared with a container bigger than an 8oz.  
plastic water bottle (a clear container works best, if you have one).  
If you're signing up multiple students, you may want a container for each.  
We will send home the rest of the materials with your student(s).
