

# Welcome to School-Based Health Care

Click on the SBHC logo to access Community Health Center's school-based health care website

**School-Based Health Care** offers many services including: **Behavioral Health**.

Please note: **School-Based Health Care** works in conjunction with the care provided by your child's pediatrician and is not intended to replace regular care by your child's primary health-care provider.

**If you feel your child is in need of any of our services, please see what we offer below:**

- All children enrolled in school-based health care are eligible to receive services regardless of insurance status. For medical and behavioral health services, Community Health Center, Inc. accepts most insurance plans and there are **NO** out of pocket expenses. For dental services, there is a small fee if uninsured. If you have no insurance, please ask SBHC staff about HUSKY insurance.
- To begin receiving services, please go to <http://www.SBHC1.com> to sign up quickly and easily online!
- Please note all parts of the registration/enrollment form must be completed, signed and returned to the School Main Office before your child can receive services.
- Download the form in English or in Spanish
