

Canterbury Public Schools 2026-2027

High School AM Bus Routes

Times are approximate and may be subject to change- students are expected to be outside at their bus stop at least 5 minutes prior to their scheduled P/U time. All morning high school buses meet at Baldwin Middle School after picking up students at their home address. When all buses have arrived, students transfer to the bus (map provided below) that will continue to their designated high school. Parents may choose to bring their students directly to Baldwin middle school instead of riding the AM bus. Brooklyn students will be transported to and from NFA from Baldwin Middle School. If you choose this option, we ask that you arrive no later than 6:10am and follow the procedure below:

Once all buses arrive, drivers will activate red lights and students will transfer buses. Students should not approach any bus until this has happened. Parents should park in the West lot (on the left side of the school if facing BMS). For the safety of all students, there should be no vehicles moving when red lights are active. When all students have boarded buses, red lights will be deactivated and buses will begin to leave for their designated schools and will not stop for any late arrivers. Parents are asked not to drop any students off on the side of the road, behind buses or allow students to approach buses if red lights are not active. No out of town students are permitted on Canterbury School buses unless advanced approval is granted by the superintendent. Thank you for your cooperation in keeping our students safe.
